30 June 2017
and
Independent auditor's report
on review of interim financial information

### **Independent Auditor's Report on Review of Interim Financial Information**

#### To the Board of Directors of Kang Yong Electric Public Company Limited

I have reviewed the accompanying statement of financial position in which the equity method is applied and separate statement of financial position of Kang Yong Electric Public Company Limited as at 30 June 2017; the related statements of comprehensive income, changes in equity and cash flows for the three-month period ended 30 June 2017; and condensed notes ("interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34, "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information based on my review.

#### Scope of Review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

#### Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34, "Interim Financial Reporting".

Notes to the interim financial statements

For the three-month period ended 30 June 2017 (Unaudited)

These notes form an integral part of the interim financial statements.

The interim financial statements issued for Thai regulatory reporting purposes are prepared in the Thai language. These English language financial statements have been prepared from the Thai language statutory financial statements, and were approved and authorised for issue by the directors on 9 August 2017.

#### 1 General information

Kang Yong Electric Public Company Limited, the "Company", is incorporated in Thailand and has its registered office at 67 Moo 11, Bangna-Trad Road, Km. 20, Bangchalong, Bangplee, Samutprakarn Province.

The Company was listed on the Stock Exchange of Thailand in October 1993.

The parent company during the financial period was Mitsubishi Electric Corporation, incorporated in Japan (40.81% shareholding).

The principal activities of the Company are manufacturing and distributing household electrical appliances under the "Mitsubishi" trademark. The Company obtains the production licence and technology from its parent company.

#### 2 Basis of preparation of the interim financial statements

#### (a) Statement of compliance

The interim financial statements are prepared on a condensed basis in accordance with Thai Accounting Standard (TAS) No. 34 (revised 2016) *Interim Financial Reporting;* guidelines promulgated by the Federation of Accounting Professions ("FAP"); and applicable rules and regulations of the Thai Securities and Exchange Commission.

The interim financial statements are prepared to provide an update on the financial statements for the year ended 31 March 2017. They do not include all of the financial information required for full annual financial statements but focus on new activities, events and circumstances to avoid repetition of information previously reported. Accordingly, these interim financial statements should be read in conjunction with the financial statements of the Company for the year ended 31 March 2017.

The accounting policies and methods of computation applied in these interim financial statements are consistent with those applied in the financial statements for the year ended 31 March 2017 except that the Company has adopted all the new and revised TFRS that are effective for annual periods beginning on or after 1 January 2017. The adoption of these new and revised TFRS did not have any material effect on the accounting policies, methods of computation, financial performance or position of the Company.

### (b) Functional and presentation currency

The interim financial statements are presented in Thai Baht, which is the Company's functional currency. All financial information presented in Thai Baht has been rounded to the nearest thousand unless otherwise stated.

Notes to the interim financial statements

For the three-month period ended 30 June 2017 (Unaudited)

#### (c) Use of judgements and estimates

The preparation of interim financial statements in conformity with TFRS requires management to make judgements, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these interim financial statements, the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 31 March 2017.

#### Measurement of fair values

The Company has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the chief financial officer.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of TFRS, including the level in the fair value hierarchy in which such valuations should be classified.

Significant valuation issues are reported to the Company Audit Committee.

When measuring the fair value of an asset or a liability, the Company uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or liability might be categorised in different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following notes:

Note 7 Investment properties
Note 11 Financial instruments

# **Kang Yong Electric Public Company Limited Notes to the interim financial statements**

For the three-month period ended 30 June 2017 (Unaudited)

### 3 Related parties

For the purposes of these financial statements, parties are considered to be related to the Company if the Company has the ability, directly or indirectly, to control or joint control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Company and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

Relationship with an associate was described in note 5. Relationships with key management and other related parties were as follows:

The Company has a policy on pricing based on "normal business practice or market price under normal trade conditions" for business transactions with its related parties, including purchases and sales of goods and services, as specified as follows:

#### 1 Sales prices policy

- Domestic sales prices are determined at weighted average of standard cost plus margin for all products.
- Export sales prices are determined at resale price method which are dependent on market and competitive conditions of the particular country.
- 2 Purchase policy of raw materials are prices agreed between the parties.
- 3 Purchase policy of property, plant and equipment are prices agreed between the parties.
- 4 Royalty fee is payable annually at a proportion of sales.
- 5 Product development fee is payable based on actual amount.
- Technical assistance fee chargeable under technical service agreement with 5 years term and automatic rollover period of 5 years.
- 7 The Company entered into a rental agreement with an associate. The rental fee is based on the market value.
- 8 The Company has inventory management service fee with an associate. The service fee is based on the area used.
- 9 The Company entered into an agreement with various companies in the Mitsubishi Group, to manage total funding of the Group by the use of pooling accounts. The Company may earn or pay interest, which is based on the surplus funds or the funds used, at the interest rate of average deposit and loan interest rates offered by the bank.

Notes to the interim financial statements

For the three-month period ended 30 June 2017 (Unaudited)

- 10 Interest rates on short-term loans from or to related parties are determined by based on the interest rate of the bank.
- 11 Product warranty expense is based on actual amount claims.
- 12 Key management personnel compensation is defined by the Nomination and Remuneration Committee and the Company's policy.

#### Significant agreements with related parties

#### Technical assistance agreement

The Company entered into agreement with Mitsubishi Electric Corporation (MELCO) whereby such company agreed to provide the Company the technical information and know-how of production. In consideration thereof, the Company agreed to pay royalty fee, development fee and technical assistance fee computed based on agreed formula to MELCO. The term of the agreement was for a period of five years and is automatically extended for a successive period of five years each unless either party notifies in writing to the other party any intention of termination at least six months prior to expiration of the agreement.

#### Building rental agreement

The Company entered into a building rental agreement for its warehouse for finished goods with Smile Super Express Co., Ltd. for a period of two years with rental rate as specified in the agreement. This agreement is renewed by either party notification in writing to the other party at least sixty days before expiration of this agreement. In July 2015, the Company notified to renew such agreement for a period

Notes to the interim financial statements

For the three-month period ended 30 June 2017 (Unaudited)

of two years expiring on 31 July 2017. In March 2016, the counter parties agreed to amend rental rate which was effective from April 2016.

Thai Baht pooling service agreement

In May 2002, the Company entered into the Thai Baht pooling service agreement with Melco Thai Capital Co., Ltd. (MTC) whereby MTC agreed to provide management service relating to Thai Baht current account of the Company. In consideration thereof, the Company is committed to pay or earn the interest at the rate and method as specified in the agreement. There is no expiration of the agreement unless there are any cases complying with termination conditions as specified in the agreement.

### 7 Investment properties

Investment properties comprise land and buildings that are leased to an associate and plots of land that are not used in operations. Fair value of land and buildings that are leased to its associate was computed by the Company's management under the Discounted Cash Flow Analysis method by using key assumptions of discount rates and net cash inflow from rental income including the review of the estimated useful lives of buildings that are leased to its associate. Fair value of land not used in operations was considered by appraisal value of Treasury Department. As at 30 June 2017, fair value of land and buildings that are leased to its associate and land not used in operations totaled approximately Baht 77.95 million (31 March 2017: Baht 77.04 million).

### 8 Property, plant and equipment

Notes to the interim financial statements

For the three-month period ended 30 June 2017 (Unaudited)

#### 10 Basic earnings per share

The calculations of basic earnings per share for the three-month periods ended 30 June 2017 and 2016 were based on the profit for the periods attributable to ordinary shareholders of the Company and the number of ordinary shares outstanding during the periods as follows:

		ements in which thod is applied	Separate financial statements					
Three-month period ended 30 June	2017	2016	2017	2016				
	(in thousand Baht / thousand shares)							
Profit for the period attributable to ordinary shareholders of the								
Company (Basic)	154,053	216,505	153,416	215,951				
Number of ordinary shares								
outstanding	22,000	22,000	22,000	22,000				
Earnings per share (Basic) (in Baht)	7.00	9.84	6.97	9.82				

#### 11 Financial instruments

#### Carrying amounts and fair values

The following table shows the carrying amounts and fair values of financial assets, including their levels in the fair value hierarchy for financial instruments measured at fair value. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

Financial statements in which the equity method is applied and

	separate financial statements						
	Carrying						
	amount	Fair value					
		Level 1	Level 2	Level 3	Total		
		(in thousand Baht)					
30 June 2017		,	,				
Financial assets measured at fair value							
Equity securities available-for-							
sale	9,564	9,114	-	450	9,564		
31 March 2017							
Financial assets measured at							
fair value							
Equity securities available-for-							
sale	11,032	10,582	_	450	11,032		

The Company determines Level 3 fair values for equity securities – available-for-sale based on the most recent quoted price in the Stock Exchange of Thailand.

Trade and other accounts receivable, short-term loans to related party, trade and other accounts payable; the carrying amounts of these financial assets and liabilities approximate to the fair values due to the relative short-term maturity of these financial instruments.

# **Kang Yong Electric Public Company Limited Notes to the interim financial statements**

For the three-month period ended 30 June 2017 (Unaudited)

#### 12 Commitments with non-related parties
