The Meeting Secretary proposed the agenda items according to the Board of Directors' resolutions, and gave explanation on the vote casting, vote counting and voting result announcement methods as detailed below:

- For this 2017 Annual General Meeting of Shareholders (AGM2017), the Company had given the shareholders rights to propose an agenda of the meeting and/or nominate candidates for the Company's director election ahead of the meeting via the Company's website from January 18 to March 18, 2017. Details of criteria and procedure were as posted on the Company's website www.mitsubishi-kye.com. Upon completion of such period, none of the shareholders proposed the agenda of the meeting and/or nominated candidates for director election, notification of which was subsequently made to the Company's and the SET's websites. The Company therefore proposed eight agenda items to the meeting pursuant to resolutions of the Board of Directors. The Chairman of the Board of Directors would serve as chairman of the meeting and conduct the meeting in accordance with the meeting agenda set forth as indicated in the notice of the meeting already submitted to the shareholders. Items would be proposed and relevant information provided respectively according to the agenda. Shareholders would be allowed to raise questions and comments before vote casting on each agenda item.
- **In casting votes**, each shareholder shall be entitled to one vote for one share. Thus, each shareholder has vote counts equivalent to amount of shares held in person or by proxy. The shareholders may vote either approving or disapproving or may abstain from voting, and cannot split the number of shares for separate voting, except in case of receiving proxy from foreign shareholders appointing a custodian in Thailand. Each resolution shall be passed by vote casting in either of the two cases pursuant to Clause 34 of the Company's Articles of Association and Public Limited Companies Act B.E. 2535 as below:
 1. Normal case: The resolution shall be supported by the majority of votes of the shareholders attending the meeting and casting their votes, with calculation based only on the votes cast

by the shareholders who approve and disapprove, except for agenda item 6 regarding director remuneration where the resolution shall be passed by votes not less than two-thirds of the total number of votes of the shareholders who attend the meeting and having the right to cast vote, with calculation based on the votes cast by the shareholders who approve, disapprove and abstain from voting. In case of an equality of votes, the Chairman of the meeting shall have be entitled to casting vote.

2. Other cases: The resolution shall be passed by votes not less than three-fourths of the total number of votes of the shareholders who attend the meeting and having the right to cast vote.

● **Procedures for voting by shareholders** In casting votes on each agenda item, the Chairman will ask the shareholders to pass a resolution, and the shareholders shall follow the procedures below:

1. Shareholders attending in person and those by proxy form A, who disapprove or abstain on any agenda item shall identify themselves by raising their hands and shall mark in the appropriate box and sign in the ballots and then return the ballots to the Company's staff for counting of votes. The shareholders/proxies who do not raise their hands shall be deemed to vote approve on such agenda item, and they are also required to mark and sign in the ballots all of which would be collected upon the end of the meeting to ensure transparency in processing and comply with the corporate governance policy regarding annual general meeting practice guidelines of Thai Investors Association.
2. Shareholders attending by proxy forms B and C who are ordered to vote as indicated on the proxy forms B and C, the Company shall count and record the votes as indicated in such forms upon their registration to attend the meeting.

The shareholders or proxies who have to leave before the meeting is adjourned please submit ballots for the rest of the agenda items in advance to the Company's staff for recording of their votes on each of those agenda items.

● **Counting of votes cast by the shareholders** The Company shall count only votes of shareholders who disapprove and those who abstain from voting, which shall then be deducted from the total number of votes of shareholders attending the meeting and having the right to cast vote. The remaining votes shall be counted as votes of approval. Votes cast by the shareholders as indicated in the proxy forms shall also be taken into account. After that, the officer from OJ International Co., Ltd. would process the vote counting by barcode system and

present the result on the screen. Shareholders or proxies who do not hand in their ballots to the officer before the Chairman declares the close of each agenda item shall be deemed to vote approval, even though they vote in disapproval or abstentions. In case of any agenda item where vote counting may take a longer time than usual, during such period, the Chairman may ask the meeting to proceed to the next agenda item to keep the meeting going on smoothly. The officer will inform the meeting of the vote counting result as soon as the vote counting is completed.

- Total number of votes on each agenda item may differ as additional shareholders/proxies may attend the meeting or some may leave during the meeting.
- To ensure transparency and compliance with the applicable law and the Articles of Association of the Company, Mr. Kritsana Chatchaivorawong, Manager of Internal Audit Control Department which is an independent unit, to take charge of reviewing the examination of documents of the shareholders and the proxies, quorum verification, vote counting, and processing of vote counting in each agenda item.
- A shareholder or proxy who has any query or wishes to make comment shall raise his/her hand and, after obtaining the Chairman's approval, shall indicate whether he/she is a shareholder or a proxy and give his/her name for recording in the minutes.
- Two languages are used in proceeding with the meeting and reports, i.e. Thai and Japanese. The Company makes available Japanese and English translator to facilitate communication between the Thai shareholders and Japanese directors.

The Meeting Secretary then invited Mr. Praphad Phodhivorakhun, Chairman of the meeting, to conduct the AGM 2017 according to the agenda set forth.

Before proceeding with the consideration of the agenda items, the Chairman thanked the shareholders for their untiring supports all along, and updated the meeting of the Company's operating result in 2016. Global and domestic economic volatility prevailed through 2016. Falling oil prices and currency exchange fluctuations successively pressed down consumer product prices amid lessened purchasing power of trading partners. Meanwhile, Thai export remained in a slowing pace. However, the Company has continued to strive for the growth of sales revenues and profit, focus on product research and development, and explore new business opportunities, product-wise and market-wise, in parallel with social responsibility under corporate governance principles and code of ethics, and with due regard to sustainable benefits to the shareholders and stakeholders.

The Chairman then declared the meeting open and proceeded with the businesses on the agenda as indicated in the invitation notice as follows:
